Even though you've made mistakes
Lying me it's all it takes
Even if my heart will die
All I want is tell me why
I will let you walk this way
Carrying out from far away
Take me now into the night
Make me lose without a fight

I can dream with you,
Can dream with you
Together we'll touch the sky
I can dream with you,
Can dream with you
Forever you'll be mine,
You'll be mine,
You'll be mine â€¦

Even though you've made mistakes
Lying me it's all it takes
Even if my heart will die
All I want is tell me why
I will let you walk this way
Carrying out from far away
Take me now into the night
Make me lose without a fight

I can dream with you, dream with you
Together we'll touch the sky
I can dream with you, dream with you
Forever you'll be mine,
You'll be mine,
You'll be mine â€¦

I can dream with you,

I can dream wÃth you
