There you are in that same old t-shirt you always wear
And here I am still five foot seven with wavy hair
Same old bench, same old tree, same place where we
always meet but now
The whole world has changed somehow

Hold your hand and dance underneath the moon
That's what I wanna do
Just me and you
More than friends begins with one kiss then two
And that's what I wanna do
Baby, how 'bout you?
Do, do, do, do
Baby, how 'bout you?
Do, do, do, do

Do you wanna wake up with me shining on your mind
Do you wanna see sparks when you look into my eyes
Stand real close, walk to slow, when it's time to
walk me home at night
Yeah, do you ever wish that I

Would hold your hand and dance underneath the moon
That's what I wanna do
Just me and you
More than friends begins with one kiss then two
And that's what I wanna do
Baby, how 'bout you?

I'll still be your rock and you'll still make me
laugh
Oh, but don't you wanna kiss me, make us so much
more than that

(do's)

Oh, I wanna hold your hand and dance underneath the
moon
That's what I wanna do
Just me and you
More than friends begins with one kiss then two
And that's what I wanna do, that's what I wanna

do

Hold your hand and dance underneath the moon
That's what I wanna do
Just me and you
More than friends begins with one kiss then two
And that's what I wanna do
Baby, how 'bout you?
Do, do, do, do
Baby, how 'bout you?
Do, do, do, do

That's what I wanna do (do's)
Yeah, baby
Baby, how 'bout you?
