I know if I have to talk at 2 A.M.  
You'll pick up the phone and then  
Just like that I'll be okay  
And I know if I'm straying just outside the lines  
You'll pull me back in just in time  
To save the day

And I know I can count on you through thick and thin  
Together till the very end  
You're my best friend

When I talk you finish my sentence  
It's you and me when the world's against us  
Nothing ever coming between us  
You're my best friend  
I never walk alone when I'm with you  
All the laugh and cryin' we get through  
I don't know what I'd do without you  
You're my best friend

We share secrets like we share our clothes  
That happy dance nobody knows  
And we think we're cool  
You know about the boy who broke my heart  
You're the one who warned me from the start  
But I was such a fool

(Pre-chorus)

(Chorus)

You and I like sisters, sure we have our fights  
Deep down inside, we're just so alike

(Chorus - change to you form on lines 1 and 5)
