Uuh living good shorty,
Every day a holiday for me,
Heavy pockets like i am from the bank,
But i just spit shit,
I'm following my niggas,
Proud nigga where you at dogg,
I got myself a challenge in this game,
These niggas wont quit until i rub it in their faces,
Damn WHORE,
What you shake that ASS for?
Mama calm me down,
I ain't ready for it,
These niggas thought i'm young,
But i'm Blowing Money Fast now,
LJ nigga a.k.a UNDISPUTED,
I'm coming right to your face nigga,
Hated for what i do best,
MPUMI where the hell are you baby girl,
It's hot here,
These nigga goin' take advantage,
And throw me their fucken bad bitches at me,
It's just a short clip i made it for y'all haters,
I'm living good chilling with my niggas,
Smoking a lot of WEED that will make you niggas say
DAMN these niggas got it under control.
I'm fucken winning,
And hell yeah i made it,
Shorty calm me down for ever peace.
