[Verse 1]

Uh, feeling like I gotta get it right now
Moving like a killer in the darkness outta sight now
On another level, so the devil wanna fight now
Growing up dirt broke, but it's looking bright now
Bitches on the pipe now, want the dick right now
But I can't fade, taking shots with the sight down uh
Yeah I coulda died that day
But I guess God don't ride that way
Chillin' in the cut, getting high all day
With a couple bad bitches, I'mma do it my way
Driven by the way that I be livin'
Everything I got 'em giving
Why you think they can't do it like me

[Hook]

I'mma get high yeah, yeah, yeah
(Break it down, roll it up)
I'mma get high yeah, yeah, yeah (x2)

[Verse 2]

No, I don't smoke, but I'm feeling like
Maybe getting green'll get a brotha' feeling hella right (Uh)
Bitches on my dick, but I don't give a damn (Yeah)
Blowin' up my phone, trynna get the dinner plan
Back stage with the homies 'bout to get it, man
Fuck a fifteen minute man
Look young, but I been a man
All that ringtone rap, make a brotha' wanna kill a man
I am just a sinner, man
Keep it real, yeah, that been the plan
You know we always do it for the fans
I be sippin' low key like no ID
Always in the lab, yes, sir, that's me
Label that I'm reppin', that's VMG

From the womb to the tomb, we be keepin' it G (Logic)
What you know about me?
Everybody know that I be reppin' that 3-0-1
Fuck around again, son
West Deer Park, that's where I'm from !

[Hook]

[Verse 3]

Feeling like I gotta bring it back again
Always on another level, don't know how to act again
I be on that real (real), no I never back down
You don't wanna fuck around
Busting like a Mac, now
Started from the bottom, ain't no way I'mma go back down
Slack now, all the motherfucker, hell naw, never that now
Tell me that they love me, I don't give a fuck
Boy chillin' in the cut bad bitch, far from a slut

[Hook]

[Outro]

What do you want me to say?
Just letting you know, I'm not gonna do it
