Dear God, I'm trying hard to reach you
Dear God, I see your face in all I do
Sometimes it's so hard to believe in

Dear God, I think it's time we had a conversation
These lonely nights is getting to me so my mind is
racing
I think about this life I live and all the shit I'm facing
More secrets in my mind than a free mason
I get lonely at times
And then I write these rhymes
I'm only human, I wanna hit the club and fuck a dime
But I know that's not the answer to my problems
Lord help me solve 'em
Disintegrate and dissolve 'em
Laying in bed with a girl I'm pretty sure is my next
Contemplating the sex
While I think about my ex
Am I wrong?
yeah, dear God am I wrong?
Uh uh
(Dear God)

Dear God tell me am I wrong
For living the life of a king surrounded by these pawns
Fans telling me I'm the greatest
But I never hear 'em
Cuz I ain't hit the pinnacle yeah I'm still persevering
Demons whispering in my ears but no I never fear 'em
People thinking they on his level they ain't even near
him
I just wanna spread positivity through lyrical ability
They call it selling out but I just call it versatility
yeah, it's my life, my wrongs and my rights
My battle, my songs and my fights
Now everybody wanna come around?
Tell me where was you last year when a brother was
down
Not a single one of you mother fuckers believed in the
brand
And extended a hand

And now you wanna be my man?
I think not, you're quick to shape shift like ink blots
The real deal and we cut classics no fillers
What about the time I was 9 and my momma almost
murdered me
Don't think I forgot that shit it still burdens me
Her bare hands tight around my throat
"I can't breathe!" I screamed "I can't breathe momma!"
Don't you want me momma?
Don't you love me momma? what the fuck
Where was you there God tell me now
How's a brother supposed to stay sane tell me how?
Why you let me live, but let another die?
Why you drown my tears, but let another cry?
I gotta know
Set to detonate I gotta blow that shit for show
I used to wonder why in the hell you would make me
suffer
But now in the end I understand that it made me
tougher

I get up when I'm down
Had enough, almost drowned
When shit rough, I get tough
And when I'm beaten to the ground I get up
Yeah I get up
yeah
I get up when I'm down
Had enough, almost drowned
When shit rough, I get tough
And when I'm beaten to the ground I get up
Yeah I get up
get up
