Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh
Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh

Let me get it right now make you get aroused
Baby you been on my mind for awhile now
I just wanna take some time
Write this rhyme with a beautiful woman like you in
mine
Baby be mine I'm tryna find what makes you tick
Can we talk?
Maybe walk around the park trust me girl I stand apart
All women ain't bitches and all men aren't dogs
Even though we bark
Cuz I just wanna get to know you
Maybe run around and show you
What a gentleman is
Yeah, tell me what it do
Shorty I'm coming for you
Ain't talking bout sex I'm talking something from above
I'm talking bout love
I'm talking bout love love love love

Now that you know that I'm for real
Here's the perfect time to kill
Any feelings you may have
Baby girl I won't be mad if you ain't feeling it
But if you down better believe I'm killing it
Take you to the crib on that late night drilling it

Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh
Baby girl you know what I want
Let me do it to ya do it to ya

Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh

Wait a second hold up
How the hell you think I got this name girl
I'm all about the brain why you think they call me logic
Okay
Condom in my pocket lay on the bed let me rock it
Please don't stop the spin for profit
But this right here on the house
Fuck the bed we cuttin' on the floor
Then later on the couch
Ladies give out till I gets it in
Make you scream and make you win
From the very beginning the second I'm in
I'm tryna tease you let me please you
Baby girl you know I need you
Do ya like you never had it
Put in work with this one here
Yeah you know it's just for fun
Give it to ya like I was tryna conceive a son
I gets it done and I'm ready for more
So ain't no telling where we'll go
but one thing that I know for sho
This ?
I don't play no games
You can ask my ex I never eat the box
But if I control her I may select some freaky shit
Then start to bring it back
We gone' go for hours girl I never slip
Tell me how you want it face to face or rough and from
the back
Just like that
She gone' over work me if I let her
But I don't give a damn
I just wanna feel better

Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh
Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh
Baby girl you know what I want
Let me do it to ya do it to ya
Let me do ya like oh-oh-oh-oh-oh-oh
Oh oh oh oh oh ohh
