Throw your hands in the air if you're real as me
Throw your hands in the air if you're real as me
Throw your hands in the air if you're real as me
Throw your hands in the air if you're real as me

Yeah, multi million dollar deals
Got a million dollar deal
When I was younger I would wonder how a million
dollars feel
And for real?
If feel like I ain't even broke the seal
Cuz when you drop hits they want you to pick up the bill
Now my life is in Maryland my heart is in Chicago
New York state of mind but man LA that's where I go
When I need to lay that shit down
So much on my mind that's the reason I'm spitting now
Finally running the game and everybody tripping now
But I could give a damn I got their bitches dripping now
Moet re sipping now
Yeah we came a long way
I know a lot people thought they'd never see the day
That we'd get big like Notorious
Cuz we battle like warriors
In a state of euphoria
My team is so far inglorious
So imma love life while you live life
Cuz I ain't perfect but I do my best to live it right
yeah

Are you ready to go
I know the city ain't ready for me
I know the city getting ready
Are you ready to go
I know the city getting ready for me
I know the city getting ready

Uh, yeah
I shoulda took the time to understand the world
But I was just too busy tryna understand them girls
I never told anybody but I asked my ex to marry me
A couple months later the bitch buried me

And I know what you're thinking "Logic there's still
hope"
Keep your chin up mother fucker ain't no reason to
mope
Plus you got a lot of money and your music is dope
What's all the money in the world if your heart still
broke
But let's get back to the subject
Cuz I was off of the topic
Hand me the mic and I rock it
They say they hate it then jock it
shit, I remember no heat in the winter time
Now that I'm eating haters grilling me like dinner time
Tryna make a living off of what we been giving
Since a youngin' I been driven
Just tryna do it how I do it huh
From my city to your city to chi city
We blowing up at high velocity
what up

Are you ready to go
I know the city getting ready for me
I know the city getting ready
Are you ready to go
I know the city getting ready for me
I know the city getting ready
Are you ready to go
I know the city ain't ready for me
I know the city getting ready
