Many men wish to acquire fame for the wrong reasons
Fans telling me never change but it's hard to fight the
seasons
They hear me on the radio and now they yelling
treason
Cuz Logic given 'em mainstream verses like effusions
But I never sacrifice my lyrics or my flow
There's a time and place for everything so what the
fuck you yelling for
The fame hit me quicker than previously determined
Rattpack real all the time fuck a vermin
Motivated by money, sex drugs and violence
Cuz the era that we livin' in was built up on defiance
What we need is alliance
But y'all don't really hear me though
So hip-hop's a chariot and Logic's finns carry it
Stallion, coming for their necks like a medallion
Straight out of Sierra Leone
mother fuckers it's on
I'm under your skin like cortisone
99 percent of these fuckers is bull shit
But I'm on that Bulls shit Michael Jordan
Cuttin' records after the show in my hotel while I'm
touring
Yeah, and I ain't even 23
But my bank account can bounce a ball like an MVP
Yes it's me L-O-G-I-C I'm repping MD
Now what the fuck is a vacation
I see no satisfaction
I work 12 hours a day every day with no distraction
7 days a week and 12 hours that's a lazy day
Gone 74 hours with no sleep call that a crazy day
This is man hunt and I ain't stopping til y'all
apprehended
Many years I have attended and finally been
commended
For keeping it real
so finger fuck whoever I've offended now
Pull out the Mac and watch 'em freeze like PCs
I'm Celsius never graduated so fuck degrees
Now educate 'em with ease

However listener please
Don't knock that last line
School it just wasn't for me
We all different
And I'm here to make a killing so say hello to the villain
Cuz in this day that we living
The nice guys finish last
I'm blowing up, guess you could say I'm having a blast
