No matter what color it comes out of the darkness
Its been hyperreal yall been super regular

CHORUS

Speak it like I live it
Like I feel it cause I love it
I can see it I took photos
Though yall never seemed to notice
Speak it like I live it
Like I feel it cause I love it
Is it ego was it focus
I can see it I'm still reaching
Say word

I was running styles thru the wash before yall copped
em out the clearance bin
We near the end
For years yall been peeking through my window
Like hungry orphan street urchin pursesnatching
vagrants
See gutta is your idol
But they cream for cult favorite
Your makeshift bars twice as flagrant half as
dangerous
Statistics couldn't save em none remaining
Half man half amazing
Twirl a jay and wrote a scroll in isolation
Plotting on disrupting the arrangement
Watch me take it

CHORUS

Speak it like I live it
Like I feel it cause I love it
I can see it I took photos
Though yall never seemed to notice
Speak it like I live it
Like I feel it cause I love it
Is it ego was it focus
I can see it I'm still reaching

I am the law and the exception
Both the answer and the question
His words became flesh
When death was pregnant
Flow celestial
Upper echelon
Measured in blackness
Music my weapon
Kill em all & carry on
Didn't you learn your lesson
Ushered the ancients to the present
Via wireless connection
On my messiah shit
That's not what my psychiatrist recommended
Maniac
Saw it when you didn't care to notice
Look into the mirror what's it show you?

The hate that hate created if you feel that way then
change it (chant)
No matter what they paint you as
