### VERSE 1

I think your perfect for me (And I gotta know)

Can I be the one for you

It's so easy to see (That I'm fallin' for you)

And I don't know what to do

Whenever you call me I'm racing to my phone,

I want you to stay the night, don't wanna be alone

Call the paramedics and tell em to save me

My heart is skippin, beats like crazy

You are the stars in the sky

Birds in the trees

Love of my life

Fairy dream (And I want you to know) oh

You are the moon in the night

The air that I breathe

With you feels so right

And I can't believe (Now my feelings are starting to show)

### CHORUS

I never thought that I would ever be (Fallin' for you)

I use to be blind, now I can see (Fallin' for you)

No more searching I am done, cause I've finally

found the one

I'm so in love (Fallin' for you)

## VERSE 2

You've been the one that I need (And I wanna know)

Can you picture you with me

And if it's meant to be (Baby never let go)

Never want you to leave

Whenever you're with me, I don't pick up my phone

I tell all them other girls to just leave me alone

Call the paramedics and tell em to save me

My heart is skippin beats like crazy!

You are the stars in the sky

Birds in the trees

Love of my life

Fairy dream (And I want you to know) oh

You are the moon in the night

The air that I breathe

With you feels so right

And I can't believe (Now my feelings are starting to show)

## BRIDGE

Ahhhhh, ahhhhh, ahhhh, ahhhhhhh!

Yeah, yeah!

Said I'm fallin'!

Fallin for you
