"My Girl"

My girl did I scare you with my words
I don't know myself why I, why I told them
My girl it's today already third letter I've sent you
when I heard you hadn't told them about us

My girl did you give already up on me
I can tell you that's no easy way
If you come and if you want to stay yourself then I
I will myself push you away

Yesterday you told me that you gonna break my heart
I know you didn't tell me a word but your eyes they
referred all that
It was so perfect you and me and it only started to be
It only started to be
and I'm falling in falling in
