There's a word that will hurt  
I can feel on your lips  
Like a gun to my heart  
When all that I want is a kiss

But we fell so hard and it felt so right  
So don't let it all end here tonight  
And we could fall all over again

Don't say goodbye, keep us alive  
'Cause my world would stop if we didn't try  
Can't we pretend just for tonight?  
'Cause those words would tear the stars from the sky  
Don't say goodbye

Don't, don't, don't say it  
Don't, don't, don't say it  
(Don't say goodbye)  
Don't, don't, don't say it  
Don't

There's a word that will hurt  
And you can't take it back  
So just show me more than  
Words could ever say

But we fell so hard and it felt so right  
So don't let it all end here tonight  
And we could fall all over again

Don't say goodbye, keep us alive  
'Cause my world would stop if we didn't try  
Can't we pretend just for tonight?  
'Cause those words would tear the stars from the sky  
Don't say goodbye

Don't, don't, don't say it  
Don't, don't, don't say it  
(Don't say goodbye)  
Don't, don't, don't say it  
Don't, don't, don't say it

But we fell so hard and it felt so right  
So don't let it all end here tonight  
And we could fall all over again

Don't say goodbye, keep us alive  
'Cause my world would stop if we didn't try  
Can't we pretend just for tonight?  
'Cause those words would tear the stars from the sky  
Don't say goodbye

Don't, don't, don't say it  
Don't, don't, don't say it  
(Don't say goodbye)  
Don't, don't, don't say it  
Don't, don't, don't say it
