Here I lay thinking about all the things I've done wrong in my life, but the worst thing that I have ever done was went and let you walk away.

No one gets out alive Maria, tomorrow we might wake up dead. No one gets out alive Maria, I want you in my bed.

I woke up this morning feeling most alone when I thought about you. The feeling you get when you're stuck on regret I hope that you think of me to.

No one gets out alive Maria, tomorrow we might wake up dead. No one gets out alive Maria, I want you in my bed.
