I'm on a roll, Im on fire,
Champagne and burnt out tyres,
Go, come on Sire
Crew born and broken liars,

Roll, I'm on fire,
Champagne and burnt out tyres,
Go, Come on sire
The truth will hurt them

Oooh yeah,
Oooh yeah,

I said it's dark tonight,
It's cold outside,
Waaa, Ok,
1,2,3

Light me up, take me out,
I'm on fire but i take enough,
to get up, to get on out, yeeaah
C'mon, c'mon, c'mon
Light me up, take me out,
I'm on fire but i take enough,
to get up, to get on out, yeeaah
C'mon, c'mon, c'mon

Do you wanna know me?
'from the bottom of my heart'
Do you wanna know me?

I gotta roll, let's spark this fire,
Champagne till the sun come higher,
Pull that beat up sire,
I'm a keep rolling till i burn't these tyres
I gotta roll, let's spark this fire,
Champagne till the sun come higher,
Pull that beat up sire,
I'm a keep rolling

Oooh yeah,
Oooh yeah,

I said it's dark tonight,
I feel alright,
I said it's dark tonight,
Mama take me home,

Waaa, Okay,
1,2,3

Light me up, take me out,
I'm on fire but i take enough,
to get up, to get on out, yeeaah
C'mon, c'mon, c'mon
Light me up, take me out,
I'm on fire but i take enough,
to get up, to get on out, yeeaah
C'mon, c'mon, c'mon, Stop

C'mon, c'mon, c'mon, 'Whaat'
C'mon, c'mon, c'mon, c'mon yeeah

Hey, hey,
Ooooh yeah,
Hey, hey

Ha, c'mon, say,
everybody wearing bow tie,
ah ah ah,
1,2,3

Light me uuuuuup, take me out,
I'm on fire but i take enough,
