Let's go

I'm ready to go
I heard you scream 'I want it'
Let's rumble plate tectonic
Your eyes say 'boy, I'm on it'
Darling you just set me free

She come when the lights are on
She come when the lights are on
The lights are on, the lights are on
But no one's home

So now we're getting louder
She's coming on so badly
I'm singing, now I'm shouting
Darling you just set me free

She come when the lights are on
She come when the lights are on
The lights are on, the lights are on
But no one's home

She's danger
Dangerous in every direction
I'm ready to go
She's danger
A danger on the bedroom floor
I'm ready to go

This feeling I hit the ceiling
I can hear you screaming to me
Darling I'm just ready to go

She's danger
And now they're banging on the bedroom wall
I'm ready to go

I felt you coming slowly
And now I know you know me
Can't shake off what you show me

Darling you just set me free

Four three to the two to the one
She come when the lights are on
The lights are on, the lights are on
But no one's home

The animalistic beast
This ain't no tag and release
You look up and there ain't no peace
I got to say it, girl

I heard you scream 'I want it'
Let's rumble plate tectonic
Your eyes say 'boy, I'm on it'
Darling you just set me free

She's danger
Dangerous in every direction
I'm ready to go
She's danger
A danger on the bedroom floor
I'm ready to go

This feeling I hit the ceiling
I can hear you screaming to me
Darling I'm just ready to go

She's danger
And now they're banging on the bedroom wall
I'm ready to go

Take, take, take, take, I'm on it
Take, take, take, take, I'm on it
Take, take, take, take, I'm on it
Take, take, take, take, I'm on it

She's danger
Dangerous in every direction
I'm ready to go
She's danger
A danger on the bedroom floor
I'm ready to go

This feeling I hit the ceiling
I can hear you screaming to me
Darling I'm just ready to go

She's danger
And now they're banging on the bedroom wall
I'm ready to go
