Empty ya glass now,
Park the cars right out the front and let 'em blast out,
Who's gonna start now?
Cus we can take 'em out and dust them 'em off,
What other brothers gonna laugh now?
To the stars now hyper drive,
We be inside maybe to mars now aint got no past now
we're jacked and super charged,
Push dem cars way out to mars bustin' heads for a
laugh now

Oh oh can you hear me
Lets sing the songs that we all wanna hear
Oh oh can you hear me
Lets sing te songs that we all wanna hear..
Sista shake,
Sista Roll,
The systems down we're burning up the disco...
We're burning up the disco

Down on the avenue,
Hand grenades up in your face the base'll smash you,
Let the snare attack you,
We're Lennox Lewis to your crew we take it back to '92
where crack ruled thats a fact true,
Heavy weights inside the place don't chase the track
dude,
Let the rhythm jack you,
Hype the guys up in the ride just wheel the track dude
and bust ya fucking gats too

Oh oh can you hear me
Lets sing the songs that we all wanna hear
Oh oh can you hear me
Lets sing te songs that we all wanna hear..
Sista shake,
Sista Roll,
The systems down we're burning up the disco...
We're burning up the disco [x2]

Sista shake,
Sista Roll,

The systems down we're burning up the disco...
We're burning up the disco
