Freedom!

Freedom to speak, but not against our leader
Somewhere in the midst of a withered empire
lies the truth of what's behind his eyes
What's behind his eyes.

See the dissenters hang from the ropes
Look at the nooses around their throats
The satisfaction to know his next move would be
relevant, but
he won't show a single piece
of his wretched puzzle.
His mind moves like clockwork around the hour
with complete control.

We've seen the end.
We've witnessed our demise

FUCK!

He has every nation in the palm of his hand;
so don't speak a single word he might hear.
Hold your breath and watch with tear lined eyes.
See the throne he's built in just a short time.
Just a short time.

I can see the end of free life with every law he makes.
The creation of a new empire, the world his to make.

We've seen the end.
We've witnessed our demise
This convoluted man
with his veil of lies.

Freedom

Freedom to speak,
but not against our leader
Such an evil mind that not even hell can stomach
How can you believe his bullshit lies

"In just a fraction of time he has your attention,

but not the attention of those who refuse to give their
time to a snake."
