I spent my whole life on you
And I built you a gorgeous house
to put up with your bitch mouth
And I've thrown all my dreams right out

And I'm so selfless here
I'm so selfless here
there's a cloud in my head
I'm so selfless here

and what do you want from me
I've buried my own babies
and I live all lone in this empty house
I've thrown all my dreams right out

and I'm so lonely here
I'm so lonely here
there's a cloud in my head
I'm so lonely here

so I tend the garden, tend the garden
tend the garden, tend the garden
build the stone wall, what are you hiding?
What are you hiding? What are you hiding?

It's something dirty, something dirty
What are you hiding? What are you hiding?
Something dirty, where is the baby?
Where is the baby? Where is the baby?

You touched the baby, you must be crazy
I must be crazy, I touched the baby
Hide in the tower, hide in the tower
hide in the tower, hide in the tower

For all I care cause I hear you so

and how I hate you so
will the church protect me
how I hate you so

Are we leaving, are we ever leaving
we've got black spots in our eyes
are we ever leaving, nowhere
never meant to hurt anyone
never meant to hurt anyone
No, I plunged holes into the wall
but never hurt anyone
no, no one is perfect
and, no one is perfect
we've got holes in our heart
no one is perfect
