Is there anything you need in your life that you don't have? Can you think of anything?

Go and tell me where you come from
You won't scare me
You can rest your head
You can grieve
Stick around

Why you bring it back to me
Our golden wings clacking
There's something here
There's someone here
A golden angel
Is flown past
Past my mirror
She's neither here nor there
Mess me up
Oh mess me up
I could never hurry
That I've seen your face
It messed me up
Oh it messed me up

I built a fortress
I'll never leave this place

Did God put you in the wheelchair
A buzzard here
Who's eaten every part
Of such a grey green
Which one is the villain
I think you got it backward

Our golden wings clacking
There's something here
There's someone here
A golden angel
Is flown past
Past my mirror
She's neither here nor there
Mess me up

You mess me up
I could never hurry
Now that I've seen your face
It messed me up
Oh it messed me up

A golden fortress
I'll never leave this place
