"Walk Around the Lake"

With the brush and ink I paint a lake
Some times all it takes is a walk around the lake
to ease your mind all it takes
is a walk 'round the lake
is a walk round the lake

Late at night
I'll stay up and write a book about my life
So no one would ever make all of my mistakes
To ease your mind all it takes
is a walk 'round the lake
is a walk 'round the lake

Well, I've made my loved ones cry right in front of my eyes
and I've spent so long hurting in such a short life
but I'm moving on, my heart is grown
I'm moving on, yes, I'm moving on
My heart is grown, I'm moving on

Oh, and sometimes it's all it takes
is a walk around the lake
Oh, and sometimes it's all it takes
is a walk 'round the lake
