You made the mistake
Of letting me and my mates
In your house
You don't know us at all
And I can't be held responsible
For getting naked in your swimming pool

What a night you're alright
And you're quite a sight for my sore eyes
Things is you don't even realise
Your house is a joke
I'm that kind of bloke
A pipe And some slippers fit nicely

I think your parents might like me
Fuck this I'm off to the party

We drink
We party
Make love
Make money

I'll be bopping on the weekend
So until I'm an antique

We're gonna drink and party
Make love, make money

Doing things I'll forget
But I'll never regret

Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da

She seemed so pleasant

But now she's screwing
Pacing round the house
Asking "what are you doing?"

Bottles everywhere
And the carpers ruined
Bedrooms fully booked
Ripped sheets are brewing

Kitchen smells Superbad
Like mcloving
What sick punk
Puts poo in the oven

Alright darlin
No need to shout
We've outstayed our welcome
I'll let myself out

I think your parents
Might hate me
It's a good job
That I know karate

We drink
We party
Make love
Make money

I'll be bopping on the weekend
So until I'm an antique

We're gonna drink and party
Make love, make money

Doing things I'll forget
But I'll never regret

Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da

They think that
I should just sit down
I'm just getting started

I see the room
Spinning round
I'm so partied

I don't get drunk
I get awesome

La la la la

Mate I don't know what you're saying
Beer pong
Pokemon
Everybody sing along

We drink
We party
Make love
Make money

I'll be bopping on the weekend
So until I'm an antique

We're gonna drink and party
Make love, make money

Doing things I'll forget
But I'll never regret

Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da

Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da
Oh what a night
Da da da da da da

Oh what a night
