I can't forget the way we danced
We found romance the way we danced
The music played and never stopped
When we were at the record hop

We did the limbo beneath the moon
And I loop-de-looped with you
We tried the slop and the bird
To every new song we heard

We had a dancing holiday
We had a dancing holiday
We had a dancing holiday
We danced our heart away

Musical interlude

Dancing holiday
Dancing holiday
Dancing holiday
We danced our heart away

I can't forget the way we danced
We found romance the way we danced
Well Slim and Jim tried to cut in
But you were mine and not with them

The records spinned round and round
We tried the mash and then the bounce
And when they played the real soul twist
The evening ended with a kiss

We had a dancing holiday
We had a dancing holiday
We had a dancing holiday
We danced our heart away

I can't forget the way we danced
We found romance the way we danced
The music played and never stopped
When we were at the record hop
