In a minute I got reason to love you
`Cos of your pace of working man
Do well or don`t do anything
It`s your life moto

You passed many humiliations here
So you went to Hollywood
But heart of lowlender was aching you
Toronto was quite good...

What is far will become so near
But before you must feel some pain
What is sorrow in comparison with kindness
That you will find there?

Here sun become the night
But it wouldn`t burn till dawn
Then I got, you`re on highway
So long my friend

Loneliness, hard life & sorrow
Non- stop memories of Novi Sad
Vojvodinian dream is open
And the Danube is still running wide

In the meantime
Earn your big house
Find a woman or a boy
Dial the number
Best man is comming soon
Only then you may kiss the bride

What is far will become brand new
But before you must feel some pain
What is sorrow in comparison with kindness
That you will find there?

Here sun become the night
But it wouldn`t burn till dawn
Then I got, you`re on highway
So long my friend

REF:

I hope I`ll see you there, oh there...
