When I see you and I donâ€™t know what to say
Footâ€™s in the door but itâ€™s in the way
Reasons to go not enough to stay
(and youâ€™re makinâ€™ my, and youâ€™re
makinâ€™ myâ€¦!)

You walk away and itâ€™s my heart that you steal
This physical addictionâ€™s all too real
Youâ€™re the medicine that I need to heal
(and youâ€™re makinâ€™ my, and youâ€™re
makinâ€™ myâ€¦!)

Youâ€™re like a needle to my record
When we touch itâ€™s so much better
And our music is making the world dance
Youâ€™re like a free ride when Iâ€™ve got money
And the punch line when Iâ€™m funny
And our music is making the world dance

Girl youâ€™re making my heart race
Got me obsessed in the first place
Every time I see your face
Girl it makes my, girl it makes my, girl it makes my
Heart race
Got me obsessed in the first place
Wannaâ€™ take it back to my place?
Girl it makes my, girl it makes my, girl it makes my
Heart Race
