

Love Party "If I Told You"

Iâ€™ll see her once a year, sheâ€™s like a spy under
cover
Iâ€™ll need her hear, no I donâ€™t need no other
And every time we meet again itâ€™s like the very first
time
Youâ€™re like a thief girl, you run away with my heart
Itâ€™s another year until I get it back
Iâ€™m sincere girl, itâ€™s harder every time we part
Youâ€™re so sweet youâ€™ve got everything I lack

If I Told You that youâ€™re everything that I need
And when I see you eye to eye it gets hard to breathe
If I told you everything, would you stick around?
Or leave me for another year ?

Sheâ€™s like a holiday , yea that first scent of the
summer
Iâ€™ll need her here, no I donâ€™t need no other
And every time we meet again itâ€™s like the very first
time
