

Lovers And Poets "Run"

Run to the edge of the world
Run and never look back
Forget words that they said
Never show them your hand

Lift your thoughts to the sky
Run and never ask why
The future's all you got left
Let it go to your head

So follow love
And leave your mind
Believe that we
Will win this time
You have to be strong
You've gotta move on
Cuz it don't matter
When you're trying to break through

Run to the edge of the earth
Run as far as you can
Run til day becomes dark
Catch the stars in your hands

Lift your heart to the sky
See with your open eyes
Run to the edge of the world
Run and never look back

So follow love
And leave your mind
Believe that we
Will win this time

You have to be strong
You've gotta move on
Cuz it don't matter
When you're trying to break through

Run to the edge of the world
Run and never look back
Forget words that they said

Never show them your hand
Lift your thoughts to the sky
Run and never ask why
The future's all you got left
Let it go to your head
