I know it's getting late
But you ain't gotta go home
(right now)
You'll make a big mistake
Cause I want you baby
You'll miss out on good loving

Do I have to break it down for you?
I wanna see your body
Doing what it do when I do it to you (hey)
Gon watch while I break it down for you?

Touch my body
I can't wait
To see you
Doing what it do when I do it to you (hey)
I can't wait
To see
To look at our reflection

It's been a real hard day
Been thinking bout our session
(Last night)
And I can hardly wait
To take another glimpse Ooo
(That's right)

Do I have to break it down for you?
I wanna see your body
Doing what it do when I do it to you (hey)
Gon watch while I break it down for you?

Touch my body
I can't wait
To see you
Doing what it do when I do it to you (hey)
I can't wait
To see
To look at our reflection
