6 Pack- Chillin'

Lil' Josh: I'm chillin' with my homies Joshua LTA and LTC
We got money in our veins we call it cash money sells
I chillax when I relax with my alto sax that's what all of
you lack

I'm king of the east I'm king of the west I got money I'm
chillin' with the best

Josh G6: Yeah don't care don't know what it is just feel
like chillin' out

Don't care what people think or do all I do is chill
And I need to chill cause I've got enough cash in my
limo

Like I said before I'm gonna chill instead of stay still
and all I wanna do now is rap and if you don't care I
don't really mind cause it's too bad

LTA: Yeah about the cash flow we are all so fly that's
what you should know

Money floating in the sky man so much money I feel
like I can fly

Just so much wealth just so much one day I'll be able to
buy y'all an iPod Touch

I chill I got money I'm better than anyone else we call it
cash money sells

LTC: My name is C Thrilled all I do is chill

Got everyone on my side everything's at will

And if I lose my cool there's no time don't care never
will I'm always at my prime

Yeah I gotta megamind

All: Money makes us chill

JuLia: Chillin' with the 6 Pack
