Thousands of years ago
At the limits of our world
A new kingdom rose on water
A new golden age for all

Human minds or entities
Sons of astral infinity
But for sure the great Poseidon
Found his people and his throne

Old world
To you we all belonged
Old world
The stars announced your fall
Ignotum fatum

Monumental growth
Breaking rules of history
The lost continent was legend
Soon the legend became myth

Power, strength, prosperity
Once too close to divinity
Until water became fire
And swallowed all its lore

Old world
The Icarus™ last fault
Old world
Your fate lives on and on
Ignotum fatum

Dark mantis
Dark fate of atlantis
At the gates of the timeless dimension
Dwell the ghost of a myth not forgotten
Kept by the sirens
And their infinite cry
The one surviving the ocean's might
Dark mantis
Dark fate of atlantis
At the gates of the timeless dimension

Dwell the ghost of a myth not forgotten
Kept by the sealord
And their infinite force
The one surviving the god's remorse

Vita e morte
In quell'umana vis
Che vibra ed arde
Vivida nei secoli

Old world
To you we all belonged
Old world
The stars announced your fall
Ignotum fatum

Dark mantis
Dark fate of atlantis
At the gates of the timeless dimension
Dwell the ghost of a myth not forgotten
Kept by the sirens
And their infinite cry
The one surviving the ocean's might
Dark mantis
Dark fate of atlantis
At the gates of the timeless dimension
Dwell the ghost of a myth not forgotten
Kept by the sealord
And their infinite force
The one surviving the god's remorse
