Trying too hard to make ya smile; to notice
Been a while since you thought that you weren't mine

Even when I feel like I've lost my way
It will only last a day
'Til I know that I am yours

Because all I have is everything I'm giving to you
And all I've got is you
It's nothing but the truth
All I've got is you

And you say just one small word and I change my mind
Sometimes it's not so easy to find

All the words that are mixed in my head
Trying too hard to make some sense
When I know deep down you know

You know that
All I have is everything I'm giving to you
And all I've got is you
It's nothing but the truth
All I've got is you

So you take me by the hand
Take me places I don't know
So you take me by the hand
Take me places I don't know
And you
So you take me by the hand
And you
You take me places I don't know

Because all I have
And now all I've got
And, yeah, all I have
And now all I've got
And, yeah, all I have
And, yeah, all I've got
And now all I've got is you

It's nothing but the truth
All I've got is you
And it's nothing but the truth
All I've got is you
All I've got is you
