You said today was gonna be the day
I found out the truth about you and me
Was it ever really meant to be?

Some people telling me one thing
You say something different
Who am I really meant to believe?

And I'm searching
All my cupboards and drawers
Looking for
Those things that remind me
Of what we used to have

And I'm chasing
Like a bull to the red, bull to the red
For those memories
Trapped in my head

And I'm building up my sandcastles
And I'm breaking all the rules
And I'm burning all my bridges
Just to be with you

And you make me smile when I should cry
And tell me what to do
So I'm burning all my bridges
Just to be with you

Swallow my feelings
Like a ???? on a fire
So you can't see my tears

Keys jangling in my pocket
As I'm walking down the street
Trying to extinguish all my fears

And I'm searching
All my cupboards and drawers
Looking for
Those things that remind me

Of what we used to have

And I'm chasing
Like a bull to the red, bull to the red
For those memories
Trapped in my head

And I'm building up my sandcastles
And I'm breaking all the rules
And I'm burning all my bridges
Just to be with you

And you make me smile when I should cry
And you tell me what to do
So I'm burning all my bridges
Just to be with you

Waves come crashing down
Words seem to fail
But soon I'll know the needs in my heart
You tell me that it's plain for all to see
That we were never, ever meant to be

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red

La, la, la, la
Woah, it's just a bull
Just a bull to the red
