I'd like to hear the words from you  
That I know you're too scared to say  
I haven't wanted those words before

It's the first, it's the first time  
It's the first, it's the first time

'Cause if you can't see what's going on  
If you can't see what's going on  
What's going on  
What's going on now

You've got that way of making me feel  
Oh-so-scared and safe at once  
I didn't know that this was real

It's the first, it's the first time  
It's the first, it's the first time

'Cause if you can't see what's going on  
If you can't see what's going on  
What's going on  
What's going on  
What's going on now
