I will take all
The blame this time
Cause it was my fault
And you were kind

It's not hard searching for a reason
To believe that I'm something
Cause I don't gamble like I used to
But I still do things that I shouldn't do
That I shouldn't do

And it's on my mind
And it's on my mind

I will just leave
Cause no more pain
Cause I brought this on
Cause you were kind

Cause now I'm searching for a reason
To believe that I'm something
Cause I don't gamble like I used to
But I still do things that I shouldn't do
That I shouldn't do

It's on my mind
And it's on my mind

Cause you said to me
Can't we work it out?
Won't you talk to me?
What's this all about?

And you said to me
Can't we work it out?
Won't you talk to me?
What's this all about?

And you said to me
Can't we work it out?
Won't you talk to me?

What's this all about?

And you said to me
Can't we work it out?
Won't you talk to me?
What's this all about?
