I don't care  
What the people may say  
'Cause it's just the sun  
Rising again

So I'll take a trip  
To the back of my mind  
See what is there  
What will I find?

You've got trouble searching for you

And you said, "Everything will be the same"  
But look here, everything is gonna change  
And you said, "It's what I needed"  
I don't believe it

I don't care  
What the people may say  
Point out my flaws  
I already know

So I'll drive away  
Back to the heart  
Of where I grew up  
Back to the start

'Cause you've got trouble searching for you

And you said, "Everything will be the same"  
But look here, everything is gonna change  
And you said, "It's what I needed"  
I don't believe it

Take what you wanted  
Leave what you didn't need  
Take what you wanted  
Leave what you didn't need  
Take what you wanted  
Leave what you didn't need  
Take what you wanted

Leave what you didn't need  
Take what you wanted  
Leave what you didn't need  
Take what you wanted  
Leave what you didn't need  
Take what you wanted  
Leave what you didn't need  
Take what you wanted  
Leave what you didn't need

Take what you wanted  
Leave what you didn't need

Take what you wanted  
Leave what you didn't need
