It's crazy how your heart just has a mind of its own,
yeah, yeah
Like when it smiled and makes the choice on its own,
mhmm
Well, the funny thing about this heart of mine, it knows
what it wants
But see the crazy thing is my mind tries to deny it
But girl, I can't fight what I know, I know

I want you, baby, whoo,
I want you, baby, whoo,
Ooh, ooh, whoo

Before I met you girl, I never knew my heart could
dance, hey, hey
Yeah, listen, I was just a broken record of one night
stands, ohh
Until you came along with your beautiful soul
You saved me, you saved me, you saved me, yeah,
you saved me
And now the funny thing about it, there's no melody
without it
I found music when I found you, so hear me when I say

I want you baby, whoo,
I want you baby, whoo,
Ooh, ooh, whoo

See I've waited all my life for someone like you
Someone like you, oh
And nobody, nobody, nobody else will do
Because

I want you, baby, whoo,
I want you, baby, whoo,
Ooh, ooh, whoo

Oh, yeah, (nobody but you), I want you, I want you
(nobody but you)
Yeah, (nobody but you baby), nobody but you girl

I want you baby (nobody but you, nobody but you)
I want you, I want you, (nobody but you), I want you girl
