[Verse]

Charlie boy, don't go to war, first born in forty - four
Kennedy made him believe we could do much more

Ohhh

Lillian, don't hang your head, love should make you
feel good
In uniform you raised a man, who volunteered to stand

[Bridge]

Ohhh

[Chorus]

Play the bugle, play the taps and
Make your mothers proud
Raise your rifles to the sky boys
Fire that volley loud

[Verse]

News was bad on upland ave., metuchen mourn our
loss
Sons rebelled, while fathers yelled, and mothers
clutched the cross

[Bridge]

Ohhh

[Chorus]

Play the bugle, play the taps and
Make your fathers proud
Raise your rifles to the sky boys
Fire that volley loud
