Just wake up I shouted, there's some blood around her
Clean it up it's ok, go get help it's ok

I'm too young and now it's, it's gone numb around me
Ambulance in driveway, speeding up the highway

Suits were made for men not boys
And this faith that we fake is a choice

I don't wanna go, I don't wanna go, if it means goodbye
And I don't wanna see, I don't wanna be there if it's the
last time

Hold my brother's hand and I'm his mother stand-in
Then the sudden panic, like a drugless addict

It's too late the moment, when it runs you over
No one safe I need her, no one say it's over

Suits were made for men not boys
And this faith that we fake is a choice

I don't wanna go, I don't wanna go, if it means goodbye
And I don't wanna see, I don't wanna be there if it's the
last time
