Ceali is gone away
And she's never comin' back here again
I understand, I know where you're comin' from
So, take your time
You've planned this since the first time we met, oh

Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back again?

First time I saw you, you were crowned in silver
Your hair full of fire
Guess you would have been a goddess
[Unverified] I would fortify and this shit

I was more than content
Ten times my eyes glanced upon your temple
But I could never imagine your deep fantasies
In case you really had another lover, another brother

Fantasize, you're unique and pure
The words you speak, chocolate coated whispers
You have a style so unique and pure
The heavens up above, I think I'm infatuated by your
spirit

Well, ten times my eyes glanced upon your temple
Well, ten times my eyes glanced upon your temple

Time flies when you're havin' fun
Time flies when you're havin' fun
Time flies when you're havin' fun
Well, time flies

Ceali's gone away
And she's never comin' back here again
I understand, I know where you're comin' from
Just take your time
You've planned this since the first time we met, oh

Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back?
Are you ever comin' back again?
