See what the world's done  
Came to London  
She's a nothing a no one she's undone  
Broken dreams, stolen freedom  
Trapped in the night  
Trafficked and beaten  
All a part of an evil economy  
Nothing more than someone's commodity  
A precious being, like you or me  
A daughter, a sister, a somebody

pre-chorus:

She was drawn by the bright lights  
She was tied up in their lies  
She worked right through to daylight  
No voice, she's a slave to the night  
27 million "like me!"

That's 27 million on this cruel journey

chorus:

We got to rise up  
Open our eyes up  
Be her voice  
Be her freedom  
Come on, stand up!

After the man left  
She's nothing left  
No one, no love, no one to call a friend  
She's stuck in a pit of hell  
She's almost sick from the smell  
She's numb, she's dead from the inside out  
Her heart is screaming but you don't hear the shout  
Who's the voice? Who's going to break the  
door down?  
Who wakes her up from the nightmare now?

(prechorus)

27 million who need Heaven's mercy!

(chorus)

27 million " are you joking?  
How could we let evil get so tight a grip?  
Watching while the world falls apart  
How did we let this stuff begin?  
We're not bothered if this offends  
Cuz you got people that can defend  
But they ain't got that, they got nothing  
Sometimes we gotta stand for something  
Let this be the stand that gets your blood running

Little girl, don't cry  
Let me dry your eyes  
In the darkest night  
(You are not alone)  
Hold on through the storm  
You're not on your own  
Hold on, love will come

(chorus)
