I had a crush on this girl, we used to smoke endo's  
She lived across the street  
I threw a rock through her window  
As a kid I wasn't making any sense  
Screaming out her name, standing naked on a fence  
She called the cops, I been hating ever since  
Sometimes I still look back and think of what we might  
have been  
That broken glass cost me seven hundred bucks  
I was eleven, man, seven hundred bucks man  
fuck man, I seen her the other night  
Hanging off a brass pole high as a kite  
Dancing at a strip club, she got picked up  
I got my dick sucked, she got tit fucked  
She sucked my ball sack and licked my asshole  
I came in her hair then she called me an asshole  
Then I called her a cab and gave her five bucks  
Said that's all that I have

[Chorus]

I'm addicted to being a dickhead  
Tell a girl anything just to get head  
I'm a fucking prick  
Shut the fuck up bitch and suck my dick (x2)

How many people get to have sex with four strippers?  
At the same time and it doesn't make a difference  
I'm a spoiled little brat, rock star lifestyle  
I don't want to talk, let's fuck right now  
Hang around and get mistreated cause I'm  
conceited  
If you don't like it beat it  
I'll just take the next slut standing in line  
If you're not here to suck it then you're wasting  
my time  
You're here to please me and serve me  
I'm here to make fun of you make you feel  
unworthy  
Getting bitches takes no effort  
Skinny ones with no tits to big fat heifers  
Look a girl in the eyes and say I love her  
The next day I tell my friends I never heard of her

Mad Childâ€™s a womanizer like no other  
Call me a motherfucker cause I’ll fuck your mother

[Chorus]

I’m addicted to being a dickhead  
Tell a girl anything just to get head  
I’m a fucking prick  
Shut the fuck up bitch and suck my dick (x2)

Please don’t call me on the phone cause I live with  
my girl  
And I will say it’s the wrong number  
And if you call me back I will find out where you live  
And then I will turn your life to shit  
So just remember that you’re just a slut made for  
sucking balls  
I got a girlfriend she broke my heart  
Now every night I rip a different piece of pussy apart  
Straight sport fucking, she’s a whore fuck it  
Treat em like a piece of shit till I kick the bucket  
I’m so persuasive and every girl is beautiful when  
Mad Child’s wasted  
Rub my balls in her face and make her promise not to  
say shit  
I’ll put her number in my phone then erase it  
I’m an asshole, face it, I just pretend when I act like  
a friend  
I’m not your homie, here’s an update cupcake  
Just blow me and show me your best fuck face
