man, I feel like the walls are closing in  
I'm in the club  
with my bros same hoes again  
same shit different pile  
find it difficult to smile  
its been with me for a while  
the same negative energy  
same friends pretend to be my friends when their my  
enemies  
plus lately I don't like the vibe my girl sending me  
its eatin me up allot  
its beatin me up inside  
its keepin me up at night  
in the future you might see me acting different  
searching for something that's spiritually uplifting  
cause I don't want my mom to be ashamed of her last  
name  
I'm lost and I'm on the wrong path in the fast lane  
on the road to going nowhere fast  
plus I'm going slow so I'm going there last  
and its a dead end I'm headin for a brick wall  
I'm tellin you I'm tired and I'm sick of all this shit yall

slow down  
to the point of chillin man  
I've done things in the past that lately got me feeling  
bad  
so am I going to heaven just because pray to god  
my favorite number seven  
cant say I feel too good about the day i get judged  
although I know that he's forgiving and he don't hold a  
grudge  
but when I see my life flash before my eyes  
that's probably the day ill be finally able to cry  
its time for me to self reflect  
I'm talking about some self respect  
I got to remind myself cause i forget  
cause I have such a great time with alcohol and sex  
it revolves around pow'  
three girls in the show'  
spending money like wow  
want it all right now

slow down man, how  
I'm a have to learn  
otherwise I'm gonna crash and burn

my girl finally upped and left  
I guess she had enough of the tough guy act  
This time I'm not gonna hold my breath  
Ill keep it open but its such a rough ride back  
I have to let it go man  
And swallow my pride  
Even if I feel so hollow inside  
Cause as mad gets older  
His heart gets colder  
Misguided angel  
Devil on my shoulder  
Afraid of being normal  
Dressing semi formal  
She wants to conform you  
Don't say I didn't warn you  
But she's my sunshine  
My comfort  
My whole heart  
She called it off  
Now she's gone  
This is so hard  
I thought I wanted to be free  
But I'm the guy that just got dumped  
I don't want it to be me  
But even though it hurts  
I'm tryin not to hate  
As soon she took me back  
I be tryin to find an escape
