what up  
this is MadChild  
the little bad wolf,

its the vadickin assasin,  
mind of a warlock,  
radical with passion  
rhymes when the doors lock

I'm never getting sick of myself  
cause I'm not from this partiular molecular realm

firsg I kill you then I pack you in the back of my van,  
by binaculors attackin ya like dracula slam  
pimp slap a rapper with the back of my hand  
what else can I say? I'm Spectacular man

I have your whole damn team fucking neatulized  
I'm Freddie Kruger with a logga to your metal eyes  
have your whole house slaughter like crooked eyes  
make em girls mouth water when I'm walking by  
no time for dilly dally, no time for dibble dabble  
I ricka cracka snapple in his Adams apple

im quick to rap a lap around these stupid assholes  
'n telling em im back and km the new king of the castle
