I never wanted another  
Come over to me and discover  
How I want, want to be near you  
And you need to be far away  
You always seem to make me feel at home, hey you

People like  
I never know, I never know  
I never know, I never know why  
You make me wanna cry  
I never know, I never know  
I never know, I never know why  
Forever live and die

I look at all of the people  
Doing it over and over  
You never get any older  
I wish that you could be here  
I look at you and I make the same mistakes, hey you

People like  
I never know, I never know  
I never know, I never know why  
You make me wanna cry  
I never know, I never know  
I never know, I never know why  
Forever live and die

I never know, I never know  
I never know, I never know why  
You make me wanna cry  
I never know, I never know  
I never know, I never know why  
Forever live and die

I never know, I never know  
I never know, I never know why  
You make me wanna cry  
I never know, I never know  
I never know, I never know why  
Forever, forever live and die

I never know, I never know  
I never know, I never know why  
You make me wanna cry  
I never know, I never know  
I never know, I never know why  
Forever live and die
