Everyday
A new start
A cheap affair
A sordid truth
We'll never learn
To guide our hearts
We'll never find
What we deserve

She's leaving
She waited for so long

She'd pretend
That she cared
Invent some tale
Just to gain his heart
But no more dreams
She didn't dare
She washed her hands
Of this whole affair

She's leaving
She waited for so long

But as she left
She gave her heart
Abandoned hope
And turned for home
I thought I'd ask
But then again
The more we learn
The less we know
