Sister Marie Gabrielle says she's the chosen one,
And if we hear her message then the kingdom will be
come.

And Sister Marie Gabrielle knows what she says is true
Her words are full of wisdom and you know they need
no proof

I don't know exactly what I'd do
Sister Marie says
If everything she told us would come true
Sister Marie says

And Sister Marie Gabrielle says turn away from sin.
Turn your face to Jesus and prepare to let him in.

Life is full of sorrow and you need a restful hand.
So call yourself believers and you'll all get fooled again.

I don't know exactly what I'd do
Sister Marie says
If everything she told us would come true
Sister Marie says

Sister Marie says
Sister Marie says
