Like a little child
You try pretending for a while
To feel the pain
Seems like I felt you once again

Only I could stop them falling
Falling down like rain
If only I could stop those tears now
Knock you down again

(Chorus)
Stay, why don't you stay?
Stay with me

You could settle down
Give-up the fight before you drown
But you stand alone
'Cause your lonely house is not a home

If only time could fall or stumble
In all the years we claimed
If only time could heal your soul if
No-one left to blame

(Chorus)
Stay, why don't you stay?
Stay with me

[Instrumental]

If only I could stop them falling
Falling down like rain
If only I could stop those tears that
Knock you down again

(Chorus)
Stay, why don't you stay?
Stay with me
Why don't you stay?

Why don't you stay?

Why don't you stay?
Stay with me
Why don't you stay?
Why don't you stay?
Stay with me
