Have you heard about the hollow man?  
Too frightened so he turned and ran  
From the vision that he cherished so  
Couldn't see it, so he let it go

Everybody has a secret sin  
But everybody needs a chance to win  
Anyone could see, I'm a man  
That's sad and broken by the things I've done

But now I'm sorry that I said goodbye  
And I'm sorry 'cause it's me that's crying  
I never finished what I started to  
And I'm just so sorry that I'm hurting you

But it's too late for us to just be friends  
And too late for anything but the end  
And too many dreams fell through our hands  
And it's just too late to understand

Now I'll never make a new beginning  
And I'll never stop the pain from winning  
Nothing matters to me anymore now  
Well, I've lost the things I was fighting for

And now I'm sorry that the dreams are gone  
And I'm sorry 'cause I'm not the one  
Who comes running when you need me so  
'Cause I'm the fool that's let you go

But it's too late for us to just be friends  
And too late for anything but the end  
And too many dreams fell through our hands  
And it's just too late to understand

All the tears of pain are falling down, oh, oh, oh  
All the tears of pain are falling down, and you know

But it's too late for us to just be friends  
And too late for anything but the end  
And too many dreams fell through our hands  
And it's just too late to understand

But it's too late for us to just be friends  
And too late for anything but the end  
And too many dreams fell through our hands  
And it's just too late to understand

But it's too late, it's too late, it's too late
