You leave and cast a glance at me
I stay and follow you with my eyes.
Now world is dead for me,
And for you it revives.
I don't know how many tears in your eyes,
You don't know how much fear I have in my heart.

I don't believe you, you don't believe me.
You try not to think about me
I try not to think about you
I really do
Now you don't care for me
And I forgot about you
I say I'm fine
You know it's a lie!

You don't notice me when we meet.
And I won't notice you either.
Don't touch me by the way
And I will do the same

I don't know how many tears in your eyes,
You don't know how much fear I have in my heart.

I don't believe you, you don't believe me.
You try not to think about me
I try not to think about you
I really do
Now you don't care for me
And I forgot about you
I say I'm fine
You know it's a lie!

I don't believe you, you don't believe me.
You try not to think about me
I try not to think about you
I really do
Now you don't care for me
And I forgot about you
I say I'm fine
You know it's a lie!
