People try to conquer the space.
They wanna fly so far away.
They think they are kings of the world.
And can do all.
And can do all.

People have cars, yachts and homes.
They play with like children with toys.
Their kids have guns and knives.
They are wicked and ready to fight.

Little one, don't be afraid.

Hey, little one, don't be afraid.
Look straight ahead.
Be happy 'cause you can survive.
Hey, little one, you've got your little gun.
Hey, little one, you've got your little gun.

My son is an excellent guy.
He doesn't use drugs.
He has many good friends.
Hey, man, tell this to somebody else.

He'll grow up and you won't recognize.
Your little son when you look in his eyes.
He's not that boy he used to be.
He's seen more dirt than you can see.

Little one, don't be afraid.

Hey, little one, don't be afraid.
Look straight ahead.
Be happy 'cause you can survive.
Hey, little one, you've got your little gun.
Hey, little one, you've got your little gun.

Hey, little one, don't be afraid.
Look straight ahead.
Be happy 'cause you can survive.
Hey, little one, you've got your little gun.
Hey, little one...

Hey, little one, donâ€™t be afraid.
Look straight ahead.
Be happy â€™cause you can survive.
Hey, little one, youâ€™ve got your little gun.
Hey, little one, youâ€™ve got your little gun.
